Looking at your needs with a unique perspective and a creative curiosity.

EMU NEWS

Emu recently launched a new web presence for Meetings & Incentives. The result is a clean, professional and flexible site that is able to grow along with M&I.

WELCOME TO OUR NEW CLIENTS

We would like to welcome our newest clients; DeForest Group, Discover Card Financial Services, and One Up Advertising, all whom have chosen Emu as a strategic creative resource.

UIC University of Illinois at Chicago

Jim Boborci of Emu was recently invited to be a guest lecturer for a design roundtable hosted at UIC, which was sponsored by UIC's AIGA student chapter. The roundtable, which was the first in a series of "real-world" informational lectures, focused on working for and with small design firms.

EMU CRAFTS A NEW IDENTITY FOR LOCAL CUSTOM CABINETRY COMPANY

Emu creates an identity which reflects Nook & Cranny's commitment to quality craftsmanship.

Mr. Neal Kinzie approached us to help give his new company a presence in the local marketplace. Mr. Kinzie wanted to make sure we promoted both their superior craftsmanship and their ability to custom design the right solutions for any interior space.

We began by developing a name and identity which captured their personality, and then extended that identity to a suite of materials including stationery, sales collateral and vehicle signage.

We are currently developing a web presence, promotional materials and advertising.
