### Emu helps rebrand and reposition M4D to create a statement in 2009

Marketing4Dealers, a co-op marketing company in the two-way wireless industry, was looking to set itself apart from the competition and create an entirely new experience for dealers.

We chose to translate that bold vision into an equally bold identity for M4D across a variety of collateral, including: logo, stationery, corporate brochure, direct mail & email campaign, website (coming soon), and tradebooth.

“I've had the pleasure of working with Emu Design on a variety of projects. Their strategic approach and strong creative yielded results well beyond my expectations. They're professional, very detail oriented, and provide expert strategic and creative direction. I highly recommend Emu to anyone looking for thoughtful, quality creative.”
